

Here are some key points on how the **Inflation Reduction Act** will impact prescription drug coverage for Medicare beneficiaries:

Price Negotiation for High-Cost Drugs

Starting in 2026, Medicare will be able to negotiate prices for certain high-cost prescription drugs directly with pharmaceutical companies.

Annual Out-of-Pocket Cap

Beginning in 2025, there will be a \$2,000 annual cap on out-of-pocket expenses for Medicare Part D beneficiaries.

Medicare Prescription Payment Plan

The Inflation Reduction Act's Medicare Prescription Payment Plan allows Medicare beneficiaries to spread their prescription drug costs over the calendar year instead of paying the full amount at the pharmacy.
