

A New & Improved Provider Search Tool

COMING SOON

A Redesigned Provider Search

We're building a faster, smarter, more streamlined Provider Search.

We heard your feedback and redesigned our provider search tool to:

- Minimize duplicate provider results;
- Expand and refine search scoping;
- Provide more accurate, relevant search results;
- Eliminate inconsistent search flows across the platform.

Key Features

- **New, more flexible search methods**
First or last name, Name and address, Hospital, facility, or medical group, Specialty, NPI, and Value-Based Care participation.
- **Expanded filters, like ratings (if applicable), city, credentials & more**
- **Richer provider results, showing more detail to help you choose**
- **Option to select a specific care location**

Stay Tuned! Your Account Manager will be reaching out soon with additional details and rollout timelines.
